For anyone wanting the basics of Excel and enough knowledge to be able to use it effectively and efficiently, this was a great course and Louise was a patient teacher and a clear communicator.

I loved this programme and learnt a lot. Louise was very good and worked at everyone's pace. It was good to be able to share screens so we could see how she was doing it but also so she could see where we were going wrong and correct the issue... This is definitely a course I could encourage and recommend to everyone.
